

## Reach Certificate of Compliance

Neilsen-Kuljian, Inc. doing business as NK Technologies status is based on information provided by our raw material manufacturer's stated compliance to 1907/2006 European Directive as respectively amended.

In consideration thereof, we believe, to the best of our knowledge, that the products we design, manufacture and market either do not contain any substances of very high concern or contain greater than .1% by weight of the currently defined 253 substances as defined by European Chemical Agency (ECHA), last updated on February 4, 2026. Should we become aware of new information to the contrary, we will first work with our suppliers to eliminate and/or reduce the restricted substance source and/or if all else fails, remove them as approved suppliers.

Neilsen-Kuljian is committed to ensuring the health, safety, and well-being of people and the environment worldwide and will continue to practice these principles in our global business.
